

### MAS MBC Funding Opportunities for 2022-2023 Academic Year

The MAS Marine Biodiversity & Conservation Program strives to increase access for ambitious and diverse professionals pursuing a career in conservation solutions. We have highlighted additional environmental, coastal and oceanographic scholarships we are aware of to help kickstart your funding search. Please note, many of the scholarships and fellowships listed below have application deadlines that fall before, or at the same time as, the MAS MBC program application. We encourage prospective students applying to the MAS MBC Program to apply broadly to all scholarship and funding opportunities they are eligible for.

Specific dates, amounts and requirements are subject to change - please check directly with the funding agency for most accurate information.

*Updated September 2021*

#### NAME

#### APPLICATION DUE

#### [Native Agriculture & Food Systems Scholarship Program](#)

**Award Amount: \$1,000**

**September 30, 2021**

The purpose of the Native Agriculture and Food Systems Scholarship Program is to encourage more Native American college students to enter these fields so that they can better assist their communities with these efforts. First Nations will award five \$1,000 scholarships to Native American college students majoring in agriculture and agriculture related fields, including but not limited to agribusiness management, agriscience technologies, agronomy, animal husbandry, aquaponics, environmental studies, fisheries and wildlife, food production and safety, food-related policy and legislation, food science and technology, horticulture, irrigation science, nutrition education, and sustainable agriculture or food systems.

#### [Robert L. Wiegel Scholarship for Coastal Studies](#)

**Award Amount: \$1,000-\$4,000**

**October 15, 2021**

This scholarship honors a graduate student pursuing a Master's or Doctoral Degree at a California university or college whose work best exemplifies the passion for coastal science/engineering that has typified the career work of Robert L. Wiegel. A CSBPA subcommittee reviews the scholarship applications and grants the award to the student who produces the most outstanding research effort related to coastal problems in the marine environment.

#### [National Science Foundation – Graduate Research Fellowship Program](#)

**Award Amount: \$34,000 stipend + \$12,000 cost of education allowance**

**October 18, 2021**

The purpose of the NSF Graduate Research Fellowship Program (GRFP) is to help ensure the vitality and diversity of the scientific and engineering workforce of the United States. The program recognizes and supports outstanding graduate students who are pursuing full-time research-based master's and doctoral degrees in science, technology, engineering, and mathematics (STEM) or in STEM education. The GRFP provides three years of support for the graduate education of individuals who have demonstrated their potential for significant research achievements in STEM or STEM education. NSF

especially encourages women, members of underrepresented minority groups, persons with disabilities, veterans, and undergraduate seniors to apply.

**[Women Divers Hall of Fame – Marine Conservation Scholarship](#)**

**Award Amount: \$2,000**

**October 21, 2021**

Four scholarships (\$2000 each) will be awarded to qualified women of any age who are enrolled in an accredited graduate academic or research program in the field of marine conservation. The scholarships are intended to support independent research and/or fieldwork at an accredited university; they will not support tuition, living expenses or student loan payments. The applicant should clearly state how the intended use of the scholarship will advance marine conservation.

**[Paul & Daisy Soros Fellowship for New Americans](#)**

**Award Amount: \$25,000 stipend + 50% tuition and fees**

**October 28, 2021**

Every year, the Paul & Daisy Soros Fellowship for New Americans supports thirty New Americans, immigrants or the children of immigrants, who are pursuing graduate school in the United States. Each Fellowship supports one to two years of graduate study in any field and in any advanced degree-granting program in the United States.

**[Hertz-Gates Fellowship](#)**

**Award Amount: \$34,000 + \$5,000 childcare stipend**

**October 29, 2021**

Eligible applicants for Hertz Fellowships must be students of the applied physical and biological sciences, mathematics, and engineering who are citizens or permanent residents of the United States of America, and who are willing to morally commit to make their skills available to the United States in time of national emergency

**[The American Association of University Women \(AAU\) Career Development Grants](#)**

**Award Amount: \$2,000-\$12,000**

**November 15, 2021**

For women pursuing a certificate or degree to advance their careers, change careers, or reenter the workforce and whose bachelor’s degree was received at least five years before the award period.

**[The Explorers Club](#)**

**Award Amount: \$2,500**

**December 2021**

The Explorers Club is proud of its history but also looks toward the future by recognizing the importance of new ideas and avenues of exploration. The Club is deeply committed to supporting the fieldwork of serious researchers and, as part of its public service commitment, supports exploration and field research for those who are just beginning their research careers.

**[NOAA Nancy Foster Scholarship Program](#)**

**Award Amount: Up to \$42,000**

**TBD, December 2021**

The National Oceanic and Atmospheric Administration’s (NOAA) Dr. Nancy Foster Scholarship Program recognizes outstanding scholarship and encourages independent graduate-level research – particularly by female and minority students – in NOAA mission-related sciences of oceanography, marine biology, and maritime archaeology, including all science, engineering, and resource management of ocean and

coastal areas. Scholarship selections are based on academic excellence, letters of recommendations, research and career goals, and financial need.

### [DietSpotlight Climate Change & Global Warming Scholarship](#)

**Award Amount: \$1,000-3,000**

**December 31, 2021**

It's undeniable the impact climate change has caused. Whether it's the melting of glaciers, extinction of animal species, or forests burning to the ground acre by acre – high temperatures may be the cause. In 1500 words or less, please explain how climate change impacts our health and the importance of sustainable practices that can positively impact climate change.

### [Robert & Patricia Switzer Foundation](#)

**Award Amount: \$15,000**

**January 2022**

An award for emerging environmental leaders in the U.S. and around the world. Students of color, first generation graduate students, and traditionally underrepresented communities in environmental graduate programs are encouraged to apply for Switzer Fellowships. Individuals enrolled in one-year Master's degree programs may apply prior to enrollment, but must be formally accepted into their program by May to be eligible for a Fellowship interview

### [American Meteorological Society Graduate Fellowship](#)

**Award Amount: \$25,000 stipend**

**January 1, 2022**

The AMS Fellowship Program is a source of unique opportunities for outstanding students looking to pursue graduate education in the atmospheric or related sciences. To date, 359 students have been designated as AMS fellowship recipients. The program helps these first-year graduate students to be educated about unique challenges facing the world so that they may better tackle real-world issues after graduation. Fellowships come with several benefits that include financial support to maintain a full course load over the first year of graduate study, the opportunity to be special guests at the AMS Annual Meeting with exclusive events therein, and ongoing academic and career support from AMS.

The Society encourages applications from women, minorities, and disabled students, traditionally underrepresented in the atmospheric and related oceanic and hydrologic sciences.

### [Mark J. Glancey and John G. Gray LGBT Scholarship](#)

**Award Amount: \$1,000**

**January 15, 2022**

Annual scholarship open to LGBTQ students of any age attending undergrad or grad school the following year regardless of grades, academic program, or financial need. Applicants must submit a 550-word essay explaining career, academic and/or vocational goals.

### [Garden Club of America](#)

**Award Amount: \$5,000**

**January 15, 2022**

The Garden Club of America offers 28 merit-based scholarships in 12 areas. See link for the many scholarship offerings, eligibility, and application details. Applicants must be enrolled in a graduate program at a university within the United States, and must be U.S. citizens of permanent residents. Direct emails to [gca@gcamerica.org](mailto:gca@gcamerica.org)

### [Eugene Maughan Graduate Student – Western Division American Fisheries Society](#)

**Award Amount: \$5,000**

**March 2022**

Scholarship supports master's students in the general areas of fisheries science with one to three awards to individual students.

### [Hispanic Scholarship Fund](#)

**Award Amount: \$500-\$5,000**

**Mid-February, 2022**

The HSF Scholarship is designed to assist students of Hispanic heritage obtain a college undergraduate or graduate degree. Awards are based on merit; amounts range from \$500 to \$5,000, based on relative need, among the Scholars selected.

### [Conchologists of America](#)

**Award Amount: \$1,000-\$2,500**

**February 28, 2022**

The sponsor awards grants of between \$1,000-\$2,500 to support field or laboratory research on recent or fossil mollusks, and other molluscan related projects. Awards are made only to citizens or permanent residents of the Americas or to students attending graduate schools in the United States.

### [Agnes Jones Jackson Scholarship](#)

**Award Amount: \$2,000**

**Check March 2021**

The National Association for the Advancement of Colored People (NAACP) established this memorial scholarship in honor of its late long-time San Francisco branch member by the same name. NAACP makes 20 to 40 annual awards of \$2,000 via this educational assistance fund. To satisfy primary threshold eligibility requirements, applicants must be: 1) U.S. citizens; 2) younger than 25 years of age; 3) NAACP members in good standing; 4) demonstrate financial need based upon federal poverty guidelines; 5) currently or accepted for future enrollment in an accredited U.S. post-secondary educational institution.

### [Cobell Scholarship](#)

**Award Amount: Varies**

**Around March 2022. Double check!**

Scholarships in various amounts are awarded to U.S. Federally-recognized American Indian and Alaska Native community members (students) who are vocational certificate-seeking or associate, bachelor, graduate and professional degree-seeking students in full-time, accredited, non-profit institutions in the US and who are able to demonstrate financial need through the FAFSA.

### [HENAAC Great Minds in STEM Scholarship](#)

**Award Amount: \$500-\$10,000**

**April 30, 2022**

HENAAC scholarship recipients continue to pave the way for future generations of Hispanics and lead by example to empower our communities and enhance our nation's professional technical workforce. In order to apply for the scholarship, applicants must be a graduating high school senior, undergraduate, or graduate student, from a traditionally underserved or underrepresented group in science, technology, engineering, math or health

### [Marine Technology Society](#)

**Award Amount: \$1,000-\$8,000**

**April 15, 2021**

The Marine Technology Society, which “promotes awareness, understanding, advancement and application of marine technology” offers thousands of dollars in scholarships every year to students studying marine science, engineering, or technology.

### [American Academy of Underwater Sciences](#)

**Award Amount: \$3,000**

**June 2022**

The American Academy of Underwater Sciences awards two \$3000 research scholarships to graduate students, engaged in, or planning to begin, a research project in which diving is or will be used as a principal research tool or study scientific diving.

### [Garden Club of America](#)

**Award Amount: Varies**

**Varies**

The Garden Club of America offers 28 merit-based scholarships and fellowships in 12 areas related to conservation, ecology, horticulture, and pollinator research. In 2018, more than \$308,400 was awarded to 65 scholars.

### [McNair Graduate Student Funding Opportunities](#)

**Award Amount: Varies**

**Varies**

McNair participants are either first-generation college students with financial need, or members of a group that is traditionally underrepresented in graduate education and have demonstrated strong academic potential. The goal of the McNair Scholars Program is to increase graduate degree awards for students from underrepresented segments of society.

### [Traub-Dicker Rainbow Scholarship](#)

**Award Amount: \$1,500-3,000**

**Varies**

The Traub-Dicker Rainbow Scholarship was established by Peggy Traub and Phyllis Dicker to encourage and support women-identified lesbians in their pursuit of higher education. This program provides one-year scholarships to those graduating high school or already enrolled in college in any year of study, including graduate school. Scholarships are paid directly to the recipient’s school and are applied toward tuition.

### [Warren-Sanders-McNaughton Oceanographic Scholarship](#)

**Award Amount: \$1,500**

**Varies**

This scholarship is awarded to women graduate students pursuing a degree in oceanography or related fields. There is no formal application; applicants should write a letter including two letters of recommendation, two references, transcripts, a statement of objectives and interest, and a description of the planned program at the educational institution the student will be attending.

## **INTERNATIONAL STUDENT FUNDING SOURCES**

### **[The American Association of University Women – International Fellowships in USA for Women](#)**

**Award Amount: \$18,000**

**November 15, 2021**

AAUW (the American Association of University Women) awards International Fellowships for full-time study or research in the United States to women who are not United States citizens or permanent residents.

### **[Compton Foundation & the Population Reference Bureau International Fellowship](#)**

*Available to students from Sub-Saharan Africa and Latin America*

**Award Amount: \$10,000**

**January 25, 2022**

The Compton Foundation and the Population Reference Bureau (PRB) have collaborated to increase the capacity of outstanding graduate students from sub-Saharan Africa and Latin America to affect policy and/or improve the effectiveness of population, family planning, and reproductive health programs in the developing world. Fellowships are available for capstone work on topics that examine the interactions linking family planning and reproductive health with environmental, sustainability and/or human security issues.

### **[Consejo Nacional de Ciencia y Tecnologia – CONACYT](#)**

**Award Amount: \$15,000 (USD)**

**See website for details**

CONACYT is Mexico's entity in charge of the promotion of scientific and technological activities, setting government policies for these matters, and granting scholarships for postgraduate studies.

## **SCHOLARSHIP DATABASES**

### **[Pivot](#)**

Select "Main Search" and then type in a discipline (climate science, conservation, ocean science, etc) in the "All Fields" box. To refine your search further, choose additional qualifications in the requirements, citizenship, activity location, funding type, and sponsor boxes. If you get no results, eliminate some of the qualifications.

### **[Grants.gov](#)**

Grants.gov lists all current discretionary funding opportunities from 26 agencies of the United States government, including the National Institutes of Health, the National Science Foundation, the Department of Energy, and many others -- in other words, all the most important public funders of research in the United States. Grants.gov is free and does not require a subscription.

### **[National Science Foundation](#)**

An independent federal agency, the U.S. National Science Foundation funds approximately 20 percent of all federally supported basic research conducted at America's colleges and universities. This is the place to search for NSF funding programs. The NSF Web site is free and does not require a subscription. [See A Guide to NSF Success](#)

### **[US Department of Agriculture Web Portal](#)**

A guide to grants, fellowships, and scholarships in international forestry and natural resources

### [American Indian College Fund, Scholarship Portals](#)

The American Indian College Fund provides scholarships to American Indian and Alaska Native college students. This portal includes links and information for over 50 scholarship programs and funding opportunities designed to support Native American and underrepresented students.

### [American Indian Graduate Center](#)

#### **Award Amounts: \$1,000-\$30,000**

Building on a 50-year legacy, AIGC will continue to be the premier national resource in funding and empowering the next generation of Native leaders across all sectors, by meeting the unmet need of every Native American student.

### [American Indian Science and Engineering Society](#)

The American Indian Science and Engineering Society (AISES) helps students move forward in their educational journeys by providing a wide range of programs and scholarship opportunities. AISES scholarships help students acquire skills and training that will help them meet the unique STEM needs of our communities. We highly encourage you to apply for all the scholarships you are eligible for! To apply, you must be an [AISES member](#).

### [Education Coordinating Council – Scholarships for Black and Other Minority Students](#)

A large amount of scholarship money that has been set aside by companies for deserving African American and other minority students is either collecting dust or being returned to businesses because the public has not been sufficiently made aware of their existence. The following is a list of these scholarships and their associated websites.
